

CHIRURGIA

INTERNATIONAL COURSE WOUND MANAGEMENT AND RECONSTRUCTIVE PLASTIC SURGERY

December 13th -15th 2018

COURSE CHAIRMAN
PAOLO BURACCO, DVM, Dipl ECVS, Torino

FACULTY
FEDERICO MASSARI DVM, Dipl ECVS, Milano
GUIDO PISANI DVM, Dipl ECVS, Luni Mare, Luni (SP)
NICOLAS BACON, BA, VetMBV, MA, Dipl ECVS, Dipl ACVS, UK
PAOLO BURACCO DVM, Dipl ECVS, Torino

First day, thursday december 13th, 2018

08.30	Registration	
09.00	Surgical anatomy and physiology of the skin	F. Massari
09.30	Wounds: physical evaluation, classification, therapeutic management	G. Pisani
10.00	Wounds: primary closure, theory and clinical examples Wounds: delayed primary and secondary closure, theory and clinical examples	G. Pisani
11.00	Coffee break	
11.30	Wounds: second intention healing (how to obtain the granulation tissue, theory and clinical Examples	P. Buracco
12.00	Drains and bandages (when, which ones, how long) and post-operative management	F. Massari
13.00	Lunch Break	
14.00	Principles of surgical oncology	P. Buracco
15.00	Releasing techniques	N. Bacon
15.30	Coffee Break	
16.00	Move to practical room ... theory and practical activity	
16.00	Practical activity on releasing techniques (for example after removal of a tumor in the region of the cranial region of the stifle - multiple releasing incisions)	All speakers
17.00	Free grafts: classification, and from the donor site to the recipient one	G. Pisani
17.30	Practical activity on free grafts	All speakers
18.30	Discussion and end of the day	

Second day, friday december 14th, 2018

09.00	Local flaps: advancement, transposition, rotation flaps: theory and clinical examples Axial pattern flaps: what they are and which the most important. General rules	N. Bacon
11.00	Coffee break	
11.30	Move to practical room ... theory and practical activity	
11.30	Practical activity on local flaps (for example after removal of a tumor on the trunk)	All speakers
13.00	Lunch Break	
14.00	Superficial brachial axial pattern flap	G. Pisani
14.30	Practical activity on the axial pattern flap of the brachial artery (after excision of a tumor in the Cranial region of the anterachium	All speakers
15.00	Coccygeal axial pattern flap	F. Massari
15.30	Practical activity on the coccygeal axial pattern flap (defect in the perineal and back)	All speakers
16.00	Coffee break	
16.30	Caudal epigastric axial pattern flap	P. Buracco
17.00	Practical activity on the caudal epigastric axial pattern flap (various defects	All speakers
18.30	Discussion and end of the day	

Third day, saturday december 15th, 2018

08.30	Deep circumflex iliac Axial pattern flap, dorsal and ventral branch; flank fold	F. Massari
09.00	Practical activity on the deep circumflex iliac axial pattern flap, dorsal and ventral branch; flank fold	All speakers
09.30	Axial pattern flap of the cranial epigastric artery, lateral thoracic artery and axillary skin fold	F. Massari
10.00	Practical activity on the axial pattern flap of the cranial epigastric artery, lateral thoracic artery and axillary skin fold	All speakers
10.30	Coffee break	
11.00	Thoraco-dorsal axial pattern flap	N. Bacon
11.30	Practical activity on the thoraco-dorsal axial pattern flap	All speakers
12.00	Genicular axial pattern flap and reverse saphenous conduit flap; scrotal flap	G. Pisani
12.30	Practical activity on the axial pattern flap of the cranial epigastric artery, lateral thoracic artery and axillary skin fold	All speakers
13.00	Lunch Break	
14.00	Muscular (temporalis, latissimus dorsi, external oblique, semitendineous, sartorius) and myocutaneous flaps (cutaneous trunci and latissimus dorsi)	N. Bacon
14.30	Practical activity on muscular and myocutaneous flaps	All speakers
15.30	Reconstruction of the facial defects (with local and axial pattern flaps)	P. Buracco
16.00	Coffee break	
16.30	Practical activity on facial defects	All speakers
17.30	Reconstruction of the extremities	P. Buracco
18.00	Practical activity on reconstruction of the extremities	All speakers
18.30	Discussion and end of the course	

MATERIAL BY THE PARTICIPANT

1 Surgical scalpel handle, Mützenbaum scissors, Mayo Scissors, Needle holders, Surgical forceps Adson-brown, 4 Mosquito hemostatic forceps, 2 Allis clamps

INFO:

24

delegates

DEADLINE FOR REGISTRATION
Friday November 2nd, 2018

REGISTRATION FEE

SCIVAC Members and foreign delegates
€ 1.106,56+VAT (€ 1.350,00)
Non-members: € 1.352,46+VAT(€ 1.650,00)
